🔹 **PhD Positions Available | Applied Control Engineering | Amrita Vishwa Vidyapeetham**

📢 **I am inviting applications for 3 full-time PhD scholars** to work in **Applied Control Engineering** at **Amrita School of Engineering, Coimbatore**.

💰 **Stipend**

- **INR 30,000 – 35,000 per month**
- *(Stipend will be decided based on academic background, qualifying exams and prior publications)*

🔬 **Research Focus Areas**

- Fractional-order controllers & advanced PID control
- Nonlinear and multivariable process control
- Autonomous & unmanned systems (robots, UAVs)
- Process modelling, control & optimization
- Wireless monitoring and networked control systems

👩‍🏫 **Responsibilities:**

- Conduct independent and collaborative research
- Publish research findings in high-impact journals and conferences
- Assist PI in proposal development for external funding
- Support postgraduate research supervision

🎓 **Who Can Apply**

- M.E./M.Tech/MS graduates in
    - Control Systems
    - Electrical / Electronics / Instrumentation
    - Mechatronics / Robotics
- Strong interest in **research, simulations, experiments, and publications**
- Strong mentoring for **academic & R&D careers**

🚀 **What You Can Expect**

- High-quality SCI journal publications
- International research collaborations
- Exposure to patents, innovation, and industry-oriented projects
- Strong mentorship towards academic and R&D careers

🗓️ Application Deadline: 10 December 2026

📄 Apply Here: **https://lnkd.in/g_T2rWjD**

📩 **Interested candidates may email** *their CV, brief research interests, and transcripts to the following email***:** *p_arunmozhidevan@cb.amrita.edu*
