ABOUT THE COLLEGE

Excel Engineering College (Autonomous), imparts futuristic technical education with a humane touch through our dedicated faculty, so that our students become trendsetting engineers of the modern era and responsible citizens of the nation. We are concerned about the needs of the nation as well as of the world to be met with the help of technology that is tuned to ameliorating at the root level not only the monetary status but also the social as well as the spiritual requisites.

ABOUT THE DEPARTMENT

The Department of Agricultural Engineering was established in the year 2018 with an intake of 60 students. The Department of Agricultural Engineering was formed with the primary objective of providing Innovative Agriprenuers to the Society in the field of Agriculture. Right from its inception, the department has been offering excellent infrastructural facilities with a variety of computing platforms for aspiring professional students to meet the growing demands. The department imparts world class training, research and provides state of the art facilities to the students. The department offers excellent academic environment with a team of highly qualified faculty members to inspire the students to develop their technical skills and inculcate the spirit of team work in them.
