## About the Department

The B.Tech Information Technology program at A.V.C. College of Engineering is a distinguished educational initiative, established in the 1999-2000 academic year. As Albert Einstein once said, "The only source of knowledge is experience," and department embodies this philosophy through a blend of academic rigor and practical exposure. Since the 2014-2015 academic year, the department has held permanent affiliation with Anna University, Chennai. Our students consistently achieve top ranks in Anna University examinations, reflecting their academic excellence. Strengthening our academic and research credentials, the department has successfully secured multiple grants from AICTE (under SDP, MODROBS and Seminar scheme) Anna University (FDTP - Centre for Faculty Development), ICSSR, TNSCST and DRDO, supporting research advancements and faculty development.

## Highlights of Department

The B.Tech Information Technology programme has established a strong reputation for academic excellence and quality education. The department consistently produces Anna University Rank Holders and offers an industry-oriented curriculum that prepares students for professional careers. Students actively participate in funded projects, hackathons, internships, industrial visits, and technical competitions, earning recognition and awards. The department also demonstrates academic leadership by successfully organizing the International Conference on Innovative Research in Engineering and Technology (ICIRET) in 2025 and 2026, fostering innovation, research, and industry - academic collaboration.
