Faculty Recruitment 2026

PPG Institute of Technology, Coimbatore

College Profile

PPG Institute of Technology is one of the best engineering colleges in Coimbatore, established under the aegis of the renowned P. Perichi Gounder Memorial Education and Charitable Trust (PPG Trust) in the year 2008. The institution is the brainchild of Dr. L. P. Thangavelu, M.S., who envisioned imparting value education par excellence to students. Approved by the All India Council for Technical Education (AICTE), New Delhi, PPGIT is affiliated to Anna University and is considered one of the top engineering colleges in Tamil Nadu.

Job Title/Designation: Manager – Idealab & Innovation Cell

Departments: Innovation, Entrepreneurship & Incubation / IDEA Lab

Qualification: B.E./B.Tech./M.E./M.Tech./MBA or equivalent qualification.

Preference may be given to candidates with specialization in Engineering, Technology Management, Entrepreneurship, Innovation Management, or related areas.

Experience in an IDEA Lab, Incubation Centre, Innovation Centre, Startup, R&D organization, or Engineering Institution is desirable.

About the Role: The IDEA Lab / Incubation Manager will be responsible for managing the day-to-day operations of the IDEA Lab and supporting students, faculty, innovators, and startups in developing innovative ideas into prototypes, products, and viable business opportunities. The role involves coordinating innovation activities, mentoring teams, managing laboratory facilities, organizing workshops and hackathons, and facilitating industry and startup collaborations.

Key Responsibilities

IDEA Lab Management

- Manage the day-to-day operations of the IDEA Lab and incubation facilities.
- Ensure proper utilization and maintenance of laboratory equipment, tools, software, and other resources.
- Maintain inventory, equipment records, usage logs, and laboratory documentation.
- Ensure compliance with safety procedures and institutional policies.

Innovation & Prototype Development

- Encourage students and faculty to develop innovative ideas and prototypes.
- Support teams in ideation, design, fabrication, testing, and validation.

PPG INSTITUTE OF TECHNOLOGY

(An Autonomous Institution)

Recognized by UGC | Accredited by NAAC with "A" | ISO Certified Institution
NH 209, Sathy Main Road, Saravanampatti, Coimbatore – 641035, Tamil Nadu.

- Facilitate access to tools such as 3D printers, CNC machines, electronics, IoT kits, robotics equipment, and other prototyping facilities.

Incubation Support

- Coordinate pre-incubation and incubation activities for student and faculty startups.
- Support startups in business-model development, prototype validation, market assessment, and pitch preparation.
- Facilitate connections with mentors, industry experts, investors, and startup ecosystem partners.
- Monitor the progress of incubated startups and maintain periodic reports.

Training & Events

- Organize workshops, seminars, boot camps, hackathons, design-thinking programs, and entrepreneurship development activities.
- Conduct or coordinate training on emerging technologies and prototyping tools.
- Encourage participation in innovation competitions, hackathons, and government-supported innovation programs.

Industry & External Collaboration

- Establish and maintain relationships with industries, startups, technology companies, incubators, accelerators, and innovation organizations.
- Coordinate industry visits, expert interactions, internships, consultancy, and collaborative projects.
- Identify opportunities for technology transfer and commercialization.

Funding & Project Support

- Assist faculty and student teams in identifying suitable funding schemes and innovation grants.
- Support preparation and submission of proposals for government and institutional funding opportunities.
- Maintain records of funded projects, milestones, expenditures, and outcomes.

Documentation & Reporting

- Maintain records of projects, prototypes, startups, events, beneficiaries, patents, publications, and innovation activities.
- Prepare monthly/quarterly reports for the management.
- Support institutional accreditation, ranking, audit, and inspection requirements related to innovation and entrepreneurship.

Required Skills

- Innovation and entrepreneurship ecosystem management
- Project and event management
- Prototype development and fabrication
- IoT, embedded systems, robotics, electronics, 3D printing, or emerging technologies
